

Rescue & Recovery

Restoring your R61 Laptop to original software image

1. Opening Rescue & Recovery

- **THE RECOVERY PROCESS WILL NOT SAVE ANY FILES**
- Backup your important files first
- Turn on the system
- When the Think Vantage logo is displayed, press the blue Think Vantage button on your keyboard

2. Restoring the system

- When you see the Welcome to Rescue and Recovery screen, click **Continue**
- Then choose **Full Restore**
- At the following screen, click **Continue**
- Then click **Restore**
- To proceed, click **Ok**
- Upon completion, the computer will reboot
- This procedure could take up to an hour; do not shut the laptop off during this process
